Gourmet Frozen Dinners

All dinners are the same homemade food we make and serve in the restaurant, packaged in freezable, microwavable containers. Heating instructions are printed on each dinner. Want a specific item not listed below? Ask, we can custom make just about anything you'd like.

Ideal for:

- Kids who are “starving to death” when they get home from school
- Seniors who can't get out much
- A more healthy option for lunch at work (skip the trip to fast food!)
